

Chairman's Message

(Continued from Page 1)

A similar effort in Westcliff has resulted in a property being purchased at Lawrence Rd. This project is being developed by the Westcliff Muslim Association Trust, currently rezoning. The GMA supports all such developments and will assist all efforts to increase facilities for the communities needs in the surrounding areas Insha-Allah.

The **Greenside Muslim Woman's Group (GMWG)**, have been active in deeni matters and notably, in facilitating the Gusal and burial arrangements for deceased females. They have also been active in various social and charitable activities. May Allah grant them success in their endeavours and reward them abundantly.

ACKNOWLEDGEMENTS: It is befitting, to sincerely thank every Executive & Management Team for the selfless sacrifices of their time, energy & effort in their dedication to the smooth functioning of the GMA's activities. May The All-Mighty reward them abundantly.

We thank our Imams, MI Burhaan Mia & MI Muhammad Ameen Ravat, who have played a pivotal role in counselling & guiding us. MI Ravat has also taken over the critical task of fulfilling the role of Principal of our Madressah. MI Burhaan Mia remains steadfast as our senior Imam & also runs our growing Hifz classes on a voluntary basis, with Hfz Hamaad Mia, MI Motara and more recently, MI Iqbal Hathurani.

We send our heartfelt appreciation to Muazzin Ahmed Chembe & Umar Hussein (Roosevelt) and the cleaning staff: Ismail Juma Chembe, Thato and Maria Dibane for fulfilling their relevant tasks.

Our sincere thanks goes to all our Madressah teachers for discharging the difficult task of teaching our children in such a dedicated manner. May Allah Al' Alem accept all such noble efforts.

We express gratitude to the community who contribute to our Association. Alhamdulillah, we have a vibrant, active community that sacrifices time, energy & efforts for the sole objective of our deen.

WAY FORWARD:

Presently, we find ourselves experiencing Political & Economic instability and an onslaught on Islam from some quarters. We have witnessed the most dreadful of events in Christchurch on that fatal Jumua of 15th March 2019. This incident had a tremendous turn around in sympathy and support being shown to Muslims around the world, including our own community where non-Muslims demonstrated their sympathy and support to us: delivering bouquets of flowers and messages of support to the Masjid. We thank them for their support & kind gestures. A letter of thanks was sent out by GMA and posted on all Social Media platforms. We remain firm in our Islamic principles and hopeful that this world will unite in greater goodness.

As for our Association, we are still witnessing an increase in the number of Muslims moving into our area and we have to continue looking at the opportunities for expansions in terms of more Masajid and expanding the Madressah. This will remain a priority on the agenda for the incoming Executive and Management Teams.

We pray that the Almighty Allah keeps our community united, safe and takes us from strength to strength. Should any of us on the board of management and I in particular, have erred in any way, or not have met your expectations for deliverance, we humbly seek your forgiveness. We thank you for placing your trust in us and we urge you to continue supporting and assisting the new Executive and Management team in discharging their duties.

Madressah Heritage - For the Fortunate

By Dr Ebrahim L. Laher

It is narrated by Muawiyah RA that our mentor and guide, Nabi Muhammed SAW said, *When Allah wishes good for someone, he bestows upon him the understanding of Deen.* [Riyad as-Salihin, The Book of Knowledge, Hadith 1376, Al-Bukhari and Muslim].

The difference between those with Deeni knowledge and those without it, is as glaring as those who can see opposed to those who are blind. Deeni knowledge gives us the vision to see right from wrong, good from bad. It helps us fulfill our obligations, act responsibly & understand the purpose of our existence: to worship Allah & live as our Nabi Muhammed (SAW) lived, in preparation for Aakhirah.

We have inherited the invaluable heritage of the Makhtab system from our forefathers, but we are under-utilizing it. The Madressah together with the Masjid serves as the backbone of a Muslim community, giving learners a strong Muslim identity and belonging, teaching the fundamentals of deen, with a lasting impression on hearts and minds.

In South Africa, our Madressah system has evolved over the years and has become a global trendsetter. Despite the strides that we've made, our formal Madressah system reaches only a small percentage of the Ummah. Numbers are dwindling. Some leave the Makhtab system from as early as the age of 12. Some parents say 2 hours a day is too much, children have school homework to complete, sports and extra murals.

Many children, during their most impressionable years, leave Madressah barely equipped to deal with the ever-growing challenges of society, unless parents are providing guidance & using positive tools for teaching deen. Limited exposure and knowledge of Islamic values can leave kids wavering, unsure of their past and uncertain of their future.

It seems, as the Madressah numbers dwindle, there's a corresponding increase in immodesty, immorality & all-round decay in communities. We allow our children to prematurely leave Madressah at our own peril. Their allegiance to Islam needs to be more than cultural adherence. Not Muslim by name only, but living the values & practices. Are they able to reconcile their beliefs with what they see, read and experience as their exposure to Deen diminishes? Are they reading, listening to lectures and especially the Jumua lecture? It's meant to be discussed with lessons.

Madressah Islamia Greenside is staffed by 14 educators, including MI M.A. Ravat (Principal), Hfz Bhamjee (Elder teacher), 3 younger male Ulama and 9 Apas. We have 14 classes, with 250 learners (Grade R-Class 10). Genders are split into separate classes from grade 3.

Challenges the Madressah faces include learners leaving Madressah early, late coming and learners missing classes as greater emphasis is placed on sports and extra mural activities during Madressah time. Parents must please be respectful of the laws of the road, the Madressah, and other parents/learners when fetching their children. Where fees are in arrears, parents are humbly urged to settle outstanding amounts. There is an opportunity for Sawaab-e-Jaariyah for members in our community to fully/partially sponsor the education of a deserving child in our community - Contact MI Ravat, Imraan Patel or Dr Ebrahim Laher.

Our Madressah has an 'Open Door' policy. Parents are free to contact their child's class teachers, MI Ravat or email greensidemadressah@gmail.com with your concerns, comments or suggestions. It will be appreciated as we seek to improve our service to the community and the quality of our education. May Allah forgive our shortcomings, accept our efforts, and give us the strength, foresight, growth and a higher quality of education.

Peak Season

By Moulana Burhaan Mia

Allah Ta'Ala says: "O Those who have believed! Fasting has been ordained as compulsory upon you, as it was on those before you so that you may have taqwa (piety or Allah-consciousness)".

The objective of fasting is to inculcate the quality of forsaking sin. During fast we stay away from that which is usually halaal, to accustom ourselves to abstain from the temptation of haraam at all times. The tongue, eyes, ears, heart and all body parts are in a constant worship during fast.

Ramadhan is also synonymous with the Quraan Shareef. Its revelation occurred in this auspicious month. Hence, our beloved Nabi (SAW) would recite mutually with Sayyidina Jibreel (alaihis salaam) every Ramadhan. Some of the great scholars of Hadeeth, such as Imaam Maalik (Rahimahullah) would *cease narrating Hadeeth in Ramadhan and dedicate this month exclusively to recitation of Quraan Shareef.*

Dua is readily accepted in the month of Ramadhan, especially during fast and at the time of Iftaar. *Feeding others and showing compassion* is also strongly encouraged during this month. The one who feeds another at the time of Iftaar is promised forgiveness and emancipation from hell-fire.

Our beloved Nabi (SAW) says "There are two moments of joy for a fasting person. One, at the time of breaking fast, the other, when meeting his Lord." (Muslim). May Allah Ta'Ala grant our community and entire ummah an accepted Ramadhan, and relieve the suffering of the oppressed. Ameen.

* The two Medical Doctors of the group continue to selflessly give off their time and resources to provide a monthly check up and vitamin injections to the Senior mothers in our community. * Some of the Sisters on the group have been trained by Islamic Medical Association in Frail Care and provide Frail Care Services in the Community. They give off their time to do Home Visits, Visits to hospitals as well as Care Centers.

* Hosted Tibb Temperament Counsellor, from SAMA health who conducted a Marriage and Conscious Parenting Workshop.

* Partnering with Durool Ihsaan and Crosby Women's Group on the Kaffin Project. We raised funds for 200m of Kaffin Fabric & now cutting for use.

* For Israeli Apartheid Week, upon a request from visiting Human Rights Lawyer from the West Bank, to meet South African Muslim Women, we with SANWF hosted Sister Lema Nazeeh. She was most appreciative of the support the SA Muslim community provides to Palestine and especially acknowledged the Women's Organizations for their valued fund raising.

* We work with the Burial committee in fulfilling the Fardh Kafiya of conducting female Ghusals & Taziya to the Bereaved Families.

We wish to acknowledge & thank the Community & GMA for their continued support & earnest duas - may the Almighty reward you. May the Almighty grant us the good health to be of continued service to our Deen & all of Humanity. For Volunteering/Info: Contact Mariam Mia 0829567464.

Janaza Guidelines

By Farhad Adam

Since 6-May-2017 to 31-March-2019 the committee has assisted in 65 burials. Greenside & surrounding suburbs fall under the Johannesburg North burial group. Note: Home affairs now want all deaths registered within 24 hours. Here's some Guidelines in the event of a death:

- 1) Ensure that original ID or travel docs i.e. passport of the deceased person and informant are available
- 2) Allow one family member or a close friend to handle arrangements
- 3) Contact the burial organisation closest (easier to assist)
- 4) Avoid confirming any burial times or other admin activities until the burial organisation managing the funeral gives the family a go ahead.
- 5) Continuously co-ordinate with your local burial team.

May Allah grant Jannat-ul-Firdous to the deceased & sabr to families.

Wo/men our Humanity

by Faizel Katkodia

Special times are now set in calendars to celebrate, protect and empower women to their God given right of equality. Our beloved Nabi Mohamed (saw) started the movement of equality for women over 1400 years ago. When most of the world ab/used women, he announced the Quranic injunctions of equality, balance, equity, property ownership rights and so much more. The Western world has only since the last century started allowing such rights to women, following the example of Islam. But they have failed to extend the rights of women holistically with haya & protectionton e.g. to this day Muslim men are not entitled to their wives entire wealth, while commanded to provide for them from their earnings. Even in work places women are entitled to special protection in Islam. This is missing in western norms. In some quarters there is an awakening and they seek protection of women, but they have mostly not addressed the sociological reality and power of women in human society - other than in lip services - saying they are equal. In practice, women continue to be abused in Western society for adverts, appeal to sexuality and in all manners. In our own communities too, despite our knowledge of Quran, our 'Ulema are constantly called to counsel men to stop abuses. We have an additional complication of cultural practices and male-chavanism that often results in bullying of women, similar to that of western societies. Despite such challenges many Muslim women are actively striving to live & share the beautiful deen of Islam. They do this with haya/modesty and within the parameters of hijab too. Salaah in Jamaah (central to transformation) is also commanded. Imagine what we can achieve for Humanity as wo/men practicing Quran & Sunnah actively in society together.

Chairman's Message

By Abdool Razaak Hassim

All praise belongs to Allah SWT, who has favoured us with Iman and enabled us to be privileged to live the life of Muslims. The choicest salutations and perpetual peace be upon our beloved Nabi Muhammed SAW, his family and his noble companions. We extend our sincere greetings to all members of our community and we make du'a that Allah SWA grants Jannatul Firdose to those who have passed on. May their families be granted sabr & soekoon. **ACCOMPLISHMENTS:** Since the previous Biennial General Meeting of the GMA which was held on 6th May 2017, the performance under its Corporate Governance structure of an Executive Committee and Management Teams can best be described as one of stability, progress, harmony and dedicated service. Alhamdulillah, I state without a shadow of doubt that all the Executive and Management members which you had elected at the last Biennial General Meeting, have discharged their responsibilities with distinction. I appeal to them to continue serving in the path of the Deen of Allah, and I urge new members to join in this endeavour. The various sub-committees in which the Executive and Management members had served are as follows:

1. Finance,
2. Madressah,
3. Masjid,
4. Building Maintenance
5. Burial,
6. Islamic Activities & Youth.
7. Roosevelt Musallah,
8. School Task Team

Alhamdulillah we are managing Finances well, bearing in mind that our funds include capital for the *Roosevelt Building Project* and to extend our property footprint around the Masjid Precinct. By the grace of Allah, the foundation for the **Masjid** in Roosevelt was laid on 24th March 2019. The construction should be completed in 18 months inShaAllah, under the GMA umbrella & managed by the Roosevelt Park Committee.

Jazakallah to all our donors for their continuous contributions in the form of Ramadhan contributions, debit-orders, monthly transfers and Jummah Collections (now by credit-card payments too). We urge all members of the community to commit to regular contributions to the running of our community projects through the association. Our cost base for the last financial year is running at R3,2 million. Our Masjid and Madressah complex is now over 12 years old. A special appeal is made to new **residents to contribute regularly**. Alhamdulillah our community is quite vibrant economically and it is advisable for us to contribute towards the facilities that we use.

A clear indication of new people moving into surrounding areas is seen in the number of musallees at our masjid increasing. GMA supports similar initiatives such as what is taking place in Roosevelt. We believe that this is the way forward in the growing needs of the Muslim Community. (Continued on Pg 2)
